

1. What are the most challenging aspect of the coursework task??

Ans:- Due to the fact that this challenge accounts for 20% of the module grade, the course task was a little challenging. It aids us in developing the Caesar cipher technique concept. We were given the challenge to test how much we knew about the subject. Being able to solve the challenge ensures that we have a comprehensive understanding of the course. All of the concepts we learned in class are covered in the coding challenge.

2. How did you go about completing the task?

Ans: - because the given task presented difficulties for us. I had some trouble finishing the task; I was initially unsure of both the task and the questions. Google also assists me in briefly comprehending and resolving the difficulties. I can now say that I have all the information I need to overcome the obstacles. Additionally, it gives me the assurance that I can complete the task and solve this kind of issue.

3. What have you learned over the course of completing this coursework task?

Ans: - Obviously, I have the overall idea while completing the task at hand. I understand what encryption and decryption are and how to use them. I can develop a superior concept regarding Caesar's cipher thanks to the assignment work. It boosts my confidence in the course material.
